- Steven Sheets, Logan Anderson, Nicholas Heger, James Volpe, Jared Weiland

Advisor: Dr. Goce Trajcevski

Summary of Progress in this Period

- Introduction of all team members.
- Testing of group email.
- Set up additional communication platforms (Snapchat, Discord).
- Met for the team reflection assignment, where team expectations and strategies to create an inclusive team environment were discussed.
- A tentative assignment of roles has been established, although we don't expect our roles to limit ourselves...
 - Steven: Report Manager, Software Engineer, Test Engineer
 - Logan: Test Engineer, Software Engineer
 - Nick: Software Engineer, Progress Manager
 - James: Meeting Scribe/Facilitator, Software Engineer
 - Jared: Software Engineer, Progress Manager
- Reached out to our advisor via email, got a response.

Pending Issues

- Establishing a time to meet with advisor. In his email response to us, he gave us the following times, which have been placed into the table on the following page s.t. we can easily fill it out. More X's correlate to higher preference, XXXX highest preference.

-

Plans for Upcoming Reporting Period

- Additionally, within his email response to us, he directed us to a paper titled [Spatial Crowdsourcing: A Survey](#). This is approximately a 28-page read, ignoring references. Reading this will give us a better understanding of the project we are to implement.
- Finish establishing a time to meet with Dr. Goce. As of right now, it appears that Thursdays at 4:00 PM is the best time for us, but this will certainly be confirmed within a day after the due date of this report.
